

Build the Coalition Through Interoperability

www.nd3inc.com

About ND3 Inc.

ND3 is an SBA certified 8(a) and Service-Disabled Veteran Owned Small Business (SDVOSB). ND3 is composed primarily of U.S. Military Veterans who were Functional Area 57s, Modeling and Simulations Officers, specializing in Military training and drills using simulations. ND3 Inc also specializes in interoperability between U.S. C4I systems and Partner Nations systems. Future conflicts will be dependent upon building a Coalition and rapidly sharing real time situation awareness data. ND3's customers include:

- United States Army
- United States Marines
- United States Department of Justice
- Defense Support of Civil Authorities (DSCA)
- S.C. Department of Transportation

ND3 Inc.'s Vision

To be the premier interoperability service provider in the world linking our Partners and Allies to establish a formidable Coalition. We pride ourselves on confidentiality and giving impartial recommendations to serve your organization's best interests.

Our Services

ND3 Inc specializes in integrating industry, foreign and U.S. partners in training, logistics and contracting methodology creating a seamless solution for multifaceted interoperability. Using Live, Virtual, and Constructive Simulations and Products we develop tailorable solutions adapting to your target audience or Government Agency's objectives. ND3 Inc can integrate Simulation, Logistic and Contract data using both common Industry, U.S. Government and Partner Nations C4I systems to achieve an integrated Common Operational Picture (COP).
