**Awarded "8(a) Firm of the Year 2025" by the SBA**  
**ISO 9001 Certified**

**About ND3 Inc.**

ND3 Inc. offers innovative solutions both domestically and internationally. We have capabilities in drone services, logistics, interoperability, and simulations. We provide a diverse range of services designed to enhance operational effectiveness and drive mission success. We also offer robust logistics solutions and seamless interoperability services to ensure efficiency across complex systems. Dedicated to supporting government services and critical initiatives, ND3 Inc. is committed to delivering high-quality, reliable, and tailored solutions that meet the evolving needs of our clients worldwide. With a focus on excellence, integrity, and performance, we strive to create lasting partnerships built on trust and results. We are a SBA certified 8(a) and Service-Disabled Veteran-Owned Small Business (SDVOSB) and Facility Top Security Clearance Certified.

- United States Army
- United States Marines
- United States Department of Justice
- Defense Support of Civil Authorities (DSCA)
- S.C. Department of Transportation

**Our Vision**

To be the premier interoperability service provider in the world linking our Partners and Allies to establish a formidable Coalition. We pride ourselves on confidentiality and giving impartial recommendations to serve your organization's best interests.

**Our Services**

ND3 specializes in integrating foreign partners into U.S. training methods through technical interoperability, utilizing Live, Virtual, and Constructive Simulations to create tailored solutions for diverse training needs. We also offer services in multinational training events, interoperability consulting, and comprehensive exercise planning. Additionally, ND3 Inc. can provide advanced drone services in Counter Unmanned Aerial Systems to support DoD, and Law Enforcement mission needs. Our expertise spans defense support, incident and disaster response, and logistics support to ensure efficient and seamless operations from start to finish across various sectors.
